Complete diversity

Natural brass or stainless steel, aluminium or wood: choose from high-quality materials – and complete the character of your room.

Fascinating colours

Opt for aluminium grilles in different anodised colours. Or for wooden grilles in different finishes. Perhaps even polished stainless steel grilles?

An overall image that will win you over

The different frames into which the grilles are accurately fitted are a perfect match to the grille. The grille and frame combination gives such a uniform overall image.

An inward-looking choice

You have the choice: grilles with a wide range of different profiles meet any requirement for resilience, functionality and design.

Cost-saving durability

The particular advantage of our grilles that can be used on both sides: just turn them over – and everything looks like new.

Optiline roll-up grilles

► Free area: approx. 65 %

The Optiline grille stands out on account of its narrow bar profiles and also its narrow spacing between the bars, creating an attractive image with correct bar spacing in terms of heat output.

Aluminium - Natural anodised E6/EV1

Aluminium - Brass anodised E6/EV3

Aluminium - Bronze anodised E6/C34

Aluminium - Bronze finish E6/C31
